

08/03/2025 | Pastor Reggie Roberson

**WARM UP QUESTION:** *If you needed to go on an important trip that only you are qualified to take, would you procrastinate or refuse to go?*

**READ:** Acts 17:16-21 (ESV)

**FOCUS:** *The Culture and Climate of Athens (and Today's Societies)*

**OBSERVE:**

- God sent Paul on a mission that changed the political and social viewpoints of society.
- The Holy God that Paul preached is the Ultimate, Supreme and All-Sufficient God. He is the Source of Life and sustains everything.

**DISCUSS:**

1. What were the differences between the mindsets of the Stoics and the Epicurean societies in Paul's time and are these mindsets being promoted, taught and believed today?
2. What did Paul preach and why?
3. According to the sermon, what are some of God's divine abilities and attributes?

**TAKE ACTION:**

- As you listened to the sermon and as you studied this discussion guide, did you realize the need for repentance?
- How do you shape and/or influence the worldview of those you encounter?
- What is the strategic value of reaching students, teachers, and professors on high school and university campuses with the gospel and how do you accomplish that goal?

**PRAY:** *Holy Father, help us to serve You and others well. Empower us with Your Gospel message to spread to the world and to save the lost. Help us to reach the current and the next generation with Your truth and to bring people into peace and reconciliation with You. We ask these petitions in Jesus' name, Amen.*
