

# REVELATION

July 3, 2022 | Pastor Reggie Roberson

## **WARM UP QUESTIONS:**

1. Describe a battle that you have faced in your life. How did you overcome it?
2. Name one of your favorite superhero movies. Can you describe the battle happening in it and how the movie characters conquered it?

**READ:** Revelation 12:1-12

**FOCUS:** We are in a cosmic battle that we can only overcome in Christ.

## **OBSERVE:**

We see in this passage that the devil attacks in a few distinct ways: accusation and deception. When we buy into the devil's accusations, we end up devaluing ourselves, distrusting others and moving away from God. In addition, the devil wants to twist the truth about God's word. Even though the devil comes to accuse and deceive us, we can overcome that battle in Christ. Christ is more powerful than the devil. We must have the word of God in our hearts to triumph over the devil's schemes.

## **REFLECT:**

As you reflect on this passage and some of the themes we spoke about today, can you identify moments where you allowed the enemy to triumph over God's word? Have you considered using God's word as a weapon in those moments? How will you approach this cosmic battle now that you are aware of the enemy's plan?

## **TAKE ACTION:**

Repent about the ways that you might have trusted more in yourself than in God's word. Ask the Holy Spirit for a greater desire for God's word so that you have ammo to fight against the devil's schemes when they come. Ask for an accountability partner or mentor who can teach you how to use God's word, day in and day out.

## **PRAY:**

Lord, we thank You that Your Word is true and alive! Help us believe and apply Your Word to our lives every single day. We thank You that the battle is not ours to fight alone, but that in You, we have already won, Amen!
