**WARM UP QUESTION:** Have you ever wanted to change someone's life for the better but didn't have the means? What were you lacking?

**READ:** I Corinthians 12-14

**FOCUS:** The Holy Spirit gives gifts to us for others, so that they can know God.

**OBSERVE:**

- The gifts of the Holy Spirit come from God. They are given by grace and are not awards, badges of maturity or signs of good behavior. They are gifts.
- There are manifestation gifts such as prophecy, ministry gifts such as evangelism, and motivational gifts such as helping and serving. Additional gifts are craftsmanship, hospitality, intercession, missionary and music.
- The gifts are given to us to benefit others, so that people might see, hear and know God.
- We should eagerly desire spiritual gifts.

**DISCUSS:**

- As you study this, what is the Holy Spirit bringing to your attention?
- Have you noticed the gifts of the Spirit in action as you've progressed on your spiritual walk? How did this affect you?
- Have you ever desired to help someone else in a supernatural way but weren't able to?

**TAKE ACTION:**

- Tell each person in your group which gifts you see active in their life. Pray for opportunities to develop these gifts in the safe space of your group.
- Join the next Discipleship Journey class to work through hindrances in your life and the Spiritual Gifts class to understand the gifts in more detail and practice them under the guidance of the leaders. A new semester starts in August. Connect with a leader or visit [kingspark.org](http://kingspark.org) to learn more.

**PRAY:** *Holy Spirit, gift us with the abilities and means to love and serve others. Teach us to listen to You and feel Your nudge to step out in the gifts as you have given them to each of us. In Jesus' Name, Amen!*
