

EVERY DAY

09/27/2026 | Pastor Reggie Roberson

WARM UP QUESTION: Do you have a special song from high school or when you met your spouse?

READ: Colossians 3:15-17

FOCUS: God's Word becomes the song of God's people.

OBSERVE:

- The Apostle Paul tells us to keep God's Word front and center in our minds and hearts, echoing an instruction found in numerous places throughout the Scriptures.
- One of the ways we can do this is by singing God's Word, out loud, a powerful strategy which Paul used when in the Philippian jail.
- Music has a unique ability to carry a message deep into our hearts. When we sing God's Word it forms us as Christ Followers, and declares his salvation and glory to others.
- Singing God's Word makes praise and thanksgiving a lifestyle.

DISCUSS:

- What stood out to you, or what did the Holy Spirit bring to your attention?
- Recall times in your life when you followed a popular secular band, or binged on sports broadcasts or constantly played video games. Think about times that you immersed yourself in Christian music, crowding out those other sounds. What was different?
- Do you feel a yearning to know God's Word in a deeper way?

TAKE ACTION:

- Discuss the sounds you and your children listen to when you ride in the car, wash dishes, shave or put on makeup. How many of the sounds that don't deepen your faith can you replace with ones that do?
- Share the songs that are at the top of your worship playlist. Decide to play them more, instead of listening to other sounds like TV, video games, or social media. Sing along!

PRAY: *Heavenly Father, you impressed on us from the beginning that we should keep your Word in our hearts via singing. Help us to obey this directive by taking on a lifestyle of singing your praises. In Jesus' name, we pray. Amen!*
