

DISCIPLESHIP TRACK

Starting Point

A student is introduced via a number of ways including: Sunday morning service and classes, parenting Life Group, Wednesday night meeting, personal connect, and special events.

LEADERSHIP TRACK

Starting Point

A student has completed the Discipleship Track. Leadership is defined as someone who is leading other people in gifting and ministry, distinct from serving. Everyone is called to make disciples but not everyone is called to lead. As we help students mature in their faith, some people's gifting will lend itself towards greater leadership; some will not, and that's okay. The end goal is making disciples, not "get everyone on the leadership track".
