ACTIVITY: TESTIMONY CONSTRUCTION

Knowing how to articulate what God has done in our lives provides a great foundation for helping others to know God and begin their journeys on the discipleship path.

Your testimony consists of three main points:

BEFORE CONVERSION:

List three descriptive words for your life before you were a Christian.

CONVERSION EXPERIENCE:

Share the message of the cross, burial and resurrection of Jesus. Secondly, describe your story and what coming to Christ required of you.

AFTER CONVERSION:

List three adjectives of what characterized your life afterwards.

REFLECT AND DISCUSS WITH YOUR NEIGHBOR

- Engaging others is important for every stage of the discipleship path. In light of this, how do you find connection points with people in the community?
- Exploring the discipleship path can provide clarity about who you are as you discover more about your purpose. Where do you find that you put pressure on yourself to be someone else?

PAIR UP WITH SOMEONE IN THE ROOM

Giving yourself time to practice and articulate what you would like to share with someone in the community will help you more confidently connect people with their next steps on the discipleship path.

Instructions:

Have one partner use the SALT Method (Start a Conversation, Ask Questions, Listen, Tell the Story) to evangelize to the other partner who is acting the role of a person that does not know God yet. Then switch roles.

WRITE DOWN

Name three people that do not know God that you can pursue in the next month to share your story with and invite to their next step in the discipleship path.
